Here is the Rose Walsh VCUP application, including soil sample data on page Section 4.3. I think this is the data from the 2005 EPA targeted brownfields investigation.

Subject: Brownfields and Inspection Documents

Here are links to the brownfields work in Silverton. I have not found any reference to VCUP at the Rose Walsh Smelter. Could the activities completed by ARSG be considered "VCUP"s?

There is a bibliography on the ARGS website that lists these documents as being inspection reports, I didn't look in CERCLIS – I can when I get back:

Farrell, Camille, 1997. *Site inspection sampling activities report Upper Animas watershed, San Juan County, Colorado*. Colorado Division of Hazardous Materials and Waste Management; CDPHE.

Farrell, Camile, 1998. Comprehensive Analytical Results Report, Cement Creek Watershed (CERCLIS ID #CO0001411347), Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division.

Farrell, Camile, 1999. Comprehensive Analytical Results Report, Site Inspection Sampling Activities Report, Upper Animas Watershed (CERCLIS ID #CO0001411347), Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division.

Farrell Price, Camille, 1999. *Site Inspection, Analytical Results Report, Upper Animas Watershed (CERCLIS ID# CO0001411347) San Juan County, Colorado*, Colo. Dept. of Public Health and Environment, Div. of Hazardous Materials and Waste Management, Mar. 1999.
